Google

Mountain View, California

Dear Recruiter,

I was motivated to contact you upon learning that Google has an opening for a new Software Engineer. For several years I have focused my career path and academic pursuits on learning and developing those all-important skills necessary to be great in this type of role. As a personal mission, I strive to empower and improve other's outlook and circumstances.

I believe being genuine and nurturing, along with professional and driven, is an essential combination for people in my field. I possess software testing, software development and programming skills. Additionally, my abilities extend to organization and problem-solving with proficiency in innovation. Working with people from diverse backgrounds has provided me with a deep understanding and awareness of differences in both individuals and organizations. These qualities will help to support Google's mission while reflecting positively on the professionalism and competencies in its employees.

For further details of my qualifications, background, and contributions, please take a moment to review my enclosed resume. I believe that I can successfully be the Software Engineer you're seeking and I welcome the opportunity to speak with you at your earliest convenience.

Sincerely,

Saqib Tymus
